A HOUSE OF INDUSTRIAL ELECTRICALS

## Electro Tech Engineers

We, Electro Tech Engineers were established in the year 2004 as wholesaler of a wide range of electrical products, control panel accessories and automation. These products are extensively used in different applications in industrial segments. We take into consideration the ever changing needs of our clients and offer improvised range of industrial electrical and automation product.

We have strong relationships with our carefully chosen suppliers, to maintain a high standard of quality, focusing on providing consistently excellent customer services & responding quickly to all inquiries, and offering effective responses and guidance to all inquiries. Over the past 20 year we have been associated with some of the leading names in industrial electrical.

We also started catering the needs and providing services in Pune, Chakan, Bhosari and Waluj chhatrapati sambhaji nagar.

### ■ Our Vision

- To be the leading provider of innovative electrical solutions, enhancing the efficiency and reliability of industrial operations through cutting-edge technology and exceptional service.

### ■ Our Mission

- To deliver high-quality electrical products and services that exceed customer expectations, while fostering a culture of continuous improvement and sustainability.

### ■ Our Achievements

- We are proud to be the top most distributors in India for SIEMENS MCB & DBS all over Maharashtra for the past 8 years. We have been awarded best performance in Siemens MCB & DB's division form last 2017 & 2018. And emerging performance in SIEMENS SWITCH GEAR division in 2018.

We are authorised distributors and dealers of below leading manufactures.

### Our strength:

Quick response, quality product, reliability and 2 to 24 hr deliveries.
